Introduction

This document outlines the latest saving figures, pay-less-than figures, and pay-from figures for you to use on your website(s) for promotional purposes.

Please ensure to include the disclaimer text anywhere you are using any of these savings figures to promote our systems.

Car Insurance Saving Figure

You could save up to £523*

*51% of consumers could save £523.47 on their Car Insurance. The saving was calculated by comparing the cheapest price found with the average of the next six cheapest prices quoted by insurance providers on Seopa Ltd's insurance comparison website. This is based on representative cost savings from August 2024 data. The savings you could achieve are dependent on your individual circumstances and how you selected your current insurance supplier.

Van Insurance Saving Figure

You could save up to £671*

*51% of consumers could save £670.97 on their Van Insurance. The saving was calculated by comparing the cheapest price found with the average of the next five cheapest prices quoted by insurance providers on Seopa Ltd's insurance comparison website. This is based on representative cost savings from August 2024. The savings you could achieve are dependent on your individual circumstances.

Home Insurance Saving Figure

You could save up to £222*

*51% of consumers could save £222.30 on their Home Building & Contents Insurance. The saving was calculated by comparing the cheapest price found with the average of the next fourteen cheapest prices quoted by insurance providers on Seopa Ltd's insurance comparison website. This is based on representative cost savings from August 2024. The savings you could achieve are dependent on your individual circumstances.
